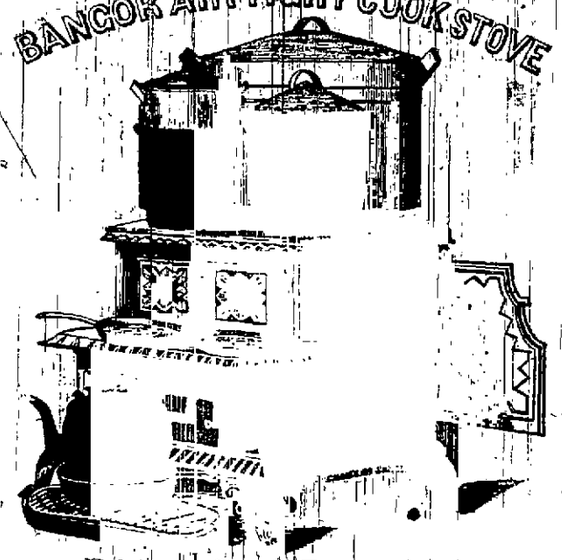
BANGOR AIR TIGHT COOK STOVE



BANGOR AIR-TIGHT

COOKING STOVE!

THE best Cook Stove ever introduced to this or any other people.

Having secured the sole agency of this very desirable Stove, I take great pleasure in offering it to my customers and the public. This Stove was created expressly for this eastern market, by three experienced and expert Stove manufacturers, Messrs. Easton & Whittier, who know, and have appreciated the wants of this enlightened people. It is now offered to the public with the fullest confidence in its merits and its superiority over every other Cooking apparatus ever introduced. Its conveniences for Boiling, Broiling, Frying, &c., are not surpassed, and its extensive and beautiful Oven for Baking and Roasting will at once recommend itself to the Ladies. One very important feature is, it has very few joints and smooth castings and being manufactured in this city, can at all times be repaired, if ever necessary, at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island, or elsewhere. Every Stove is warranted one year, and one not giving entire satisfaction may be returned and the money will be refunded after 30 days trial.)

—ALSO—

A great variety of other patterns of cooking Stoves, such as the

Our State, Bay State, Empire State, Granite State, State of Maine, &c.,

All or any of which will be sold at extremely low prices.

Elevated Oven Stoves—Hampden's and 3 Holler and two Ovens—Boston two oven Stoves, Forrest-Queen &c—and that very beautiful pattern lot Cottage Parlor Cook Stove, and in fact every variety of Stove for Cooking or warming, worthy of notice, can be found at the Central Street Stove and Furnace Depot.

CULVER'S COAL FURNACE

Is acknowledged to be the very best Furnace for Coal ever introduced

PROUTY & MEAR'S WOOD FURNACE!

Manufactured entirely of Cast Iron is the most durable and economical Wood Furnace to be had—

—ALSO—

Our hard a Kennebec Wood Furnace, for which I let the past season 10 or 12 and they have all given the best satisfaction. From six to eight cords of dry hard wood is sufficient to warm any ordinary sized dwelling house.

Any of the above Furnaces set in the best and most approved manner at short notice.

Well and Cistern Pumps of all the desirable patterns and sizes. Lead Pipe, Sheet Lead, Sheet Zinc, &c., &c.

PATRONIZE HOME MANUFACTURE!

PENOBSCOT and KENNEBEC

RAIL-ROAD STOVE!

IN offering this truly elegant and durable new Stove to the public we feel confident we are offering as good a Stove as has ever been introduced into this market. We do not claim perfection for it, but we are confident it has no superior in this or any other market, either in durability of materials, beauty of design, economy in fuel, or convenience in construction. The Castings are smooth and heavy, and are all warranted. The conveniences for Boiling and Baking are extensive and the Broiling it surpasses any thing we have ever seen—carrying off all the smoke and steam.

We manufacture them in this city, and can furnish any pieces at any time, thereby saving the time and expense of procuring them from abroad.

Please call and examine them before purchasing.

—ALSO—

A great variety of other Stoves, such as the GRANITE STATE, the BAY STATE improved, the Constitution, The FORREST QUEEN, &c., &c. Also—all kinds of Elevated Oven Cook Stoves.

Franklin Cylinder, Box Sheet and Cast Iron Air Tight STOVES; Lift Pipe, Zinc Chain and a large quantity of goods can be bought at any other Store in the city.

DAYER'S

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AND FOR THE RELIEF OF PATIENTS IN ADVANCED STAGES OF CONSUMPTION.

Many years of trial, and no fact impairing the public confidence in this medicine, has won for it the appreciation and testimony by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unshrinkable benefit it has conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted, and its every dose is proved and produces cures too numerous and too remarkable to be forgotten.

While it is a fraud upon the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only a general thing, but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the dependance of the afflicted, from the footstools of the American peasant, to the palaces of European Kings. Throughout this entire country in every State, city, and indeed almost every hamlet it contains, *Cherry Pectoral is known as the best* remedy extant for diseases of the Throat and Lungs—and in many foreign countries it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, *Cherry Pectoral* is introduced, and in constant use in the Armies Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of lungs. Also in milder cases, and for children it is safe, pleasant and effectual to cure. In fact, *some of the most Eminent* testimonials have received have been from parents who have found it efficacious in cases particularly incidental to childhood.

The *Cherry Pectoral* is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of unsurpassable skill to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

NEW CUSTOM HOUSE.

COMMISSIONERS' OFFICE, Bangor, Maine, Nov 16th, 1852.

IN conformity with instructions from the Secretary of the Treasury, proposals will be received at this office, for the construction of the new Custom House at Bangor, according to plans and specifications prepared by A. B. Young, Esq., Supervising Architect, until twelve o'clock on the 17th day of January, 1853. Said proposals to contain offers for the entire work, and also separately for each part, the Department reserving the right to contract either way, as it may seem desirable—The Department also reserves the right to accept the bid or bids which, under all the circumstances, shall appear most favorable to the interests of the Government, or of not contracting at all if none of the proposals, together with the incidental expenses attending the construction of the building shall exceed the appropriations at its disposal. Seventy-five per centum the amount of work done, and materials furnished, according to the contract price and amount to be ascertained by the estimate of the Commissioners, will be paid every thirty days, the twenty-five per cent to be retained until the completion of the building and its acceptance by the Government. Every proposal must be accompanied by a written guaranty, signed by two responsible persons, to the effect that they undertake that the party or parties making it, will if bid or their offer be accepted, enter into a contract and bond, with sufficient sureties, in the sum of $50,000 for the faithful execution of the work, and no offer will be considered unless accompanied by such guaranty.

Plans and specifications of the building can be seen at the office of the Commissioners, and also blank forms for the bids.

The proposals will be opened by the Commissioners at twelve o'clock on the day succeeding the expiration of the time for receiving them in presence of the bidders, if they or any of them shall be present.

ALL the various approved trusses constantly for sale. Ladies waited on by Mrs. CAROLINE D. FOSTER, who has had twenty years experience in the business.

Strangers in the city will please take notice the odd numbers and the even numbers are on opposite sides of the street, it being 466 opposite to the subscriber's residence 467, where he will keep a full supply of Ready Made Trusses, for Gentlemen and Ladies, Youths and Infants. An ominal *Supporte of five or six different kinds*, and such as Hull's, Chapin's Spinal, Cutter's, Fitch's, Ingalls', &c., &c.

☞ Ladies waited upon by Mrs. Caroline D. Foster at the above place.

The following certificate from Dr. John C Warren of Boston, was given 16 years since, but will last forever.

BOSTON, January 7, 1835.

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skilful workman to accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J. F. Foster, to supply the deficiency occasioned by the death of Mr Heath. After some months of observation of his work, am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles.

JOHN C WARREN, M.D. Boston.

CERTIFICATE. The following certificate is from Professor Stuart, of Andover Theological Seminary:

The undersigned having occasion to employ Mr. J Frederick Foster, of Boston, in making and fitting *Trusses for the relief of Hernia*, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpass (as far as our experience goes,) any other manufacturer of the article.

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr J C Warren, as a sufficient guaranty for all who may favor Mr F. that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation. BICKFORD'S New Year's Address

TO HIS PATRONS

JANUARY 1, 1853.

1

Dear Patrons—though another year
Has sped so soon away,
Your old friend *Bickford* still survives
To greet you with a lay
The years may speed their transient course,
All silently as death,
But Bickford will be up and dressed,
So long as he has breath

2

He thanks you all for favors past,
For friendship and good will,
And humbly hopes your patronage
Will be continued still.
He's served you well for many a year,
And well you've served him too,
And time he hopes will ever be,
Between himself and you

3

Although he's reckoned an odd fish,
By some his patrons only,
He hopes there's none among them all
Who thinks he feeds them scaly.
For he who wants to thrive in trade,
Must treat his patrons kindly.
And those who'd have the choicest bits
Must pay up prompt and squarely.

4

He keeps his market well supplied
With Fish of every name,
So he who cannot suit his taste,
Must surely be to blame.
Of MACKEREL he's a good supply,
Of choice, rich number 1
Their bellies are so nice and fat,
To eat 'em, sure is fun!

5

Of CODFISH he's a noble lot,
And they go off like smoke
They're just the thing to fry or bake
Or make into a chowder,
And next he has a host of CLAMS,
Which make the best of steaks,
And if you like a slippery dish
He'll feed you well on EELS!

6

He also has another fry,
That in your mouth will melt,
The bright and shiny little rogue
That bears the name of SMELT
And ALEWIVES too, he has a lot,
(The cheapest fish we know,)
And there is no poly amy
In taking one or many!

7

Now all these good and wholesome things,
I wish you all to know,
Are brought direct (in winter) by
That old chaise, we call "Jim,"
I mean the "Jim" that runs the "Links"
To Waterville and back,
Whose teams, just like himself, are what
The knowing ones call "crack!"

8

You'll also find variations
Of every kind, in season,
Human varieties of fish,
That happen in their season.
You, there will see, laid out in state,
The rich and golden SALMON,
As yellow as those "yellow boys"
The ministers call MAMMON.

9

And I—[illegible]
Will [illegible]
As [illegible]
And [illegible]
[illegible]
And [illegible]
[illegible]
Then come and buy what you want,
Come early—come late—come all,
The cellar where I live—you know
Is under Bank-I Hall.

11

Let Clams go to grass my friends
And Calicos to coats,
Give rum to him [illegible]
[illegible]
Your every want and wish,
For who can be a happy man
If deprived of fish?

Robbery and Arrest

The Mercury of last evening gives an account of the arrest of John W McClure of Sullwater, for the robbery on Saturday last of the store of Messrs Wood & Bishop on Broad st of $200 and notes to the amount of $9000 — Their store had been robbed three times before within a year and they supposed it must be the same person who committed them all — They had traded occasionally with John W McClure of Sullwater, and it occurring to them that he was in on Saturday and made some purchases, by referring to their books, they found he had traded on the several days when robberies had been effected From these circumstances and the past character of the man he was suspected, and a warrant of search was obtained Officers Walker, Phillips, Washburn and Bussell proceeded to McClure's house at Sullwater Monday and upon examination some $70 were found and identified as the money of Messrs Wood & Bishop The house was full of stolen goods of all kinds, belonging to various persons The stolen notes were found yesterday in an open lot near the Ferry way

McClure, upon being taken into custody confessed to the robbery and also to the three previous ones from the same place He stated that two of the robberies were effected in the counting room while Mr. Wood or Bishop were present The money was taken from a drawer in a double counting-room desk, which he opened with keys which he had prepared, while one or the other of those gentlemen was standing on the other side

McClure is supposed to be the person who has perpetrated several other robberies in this city recently He is an old offender has been an inmate of the House of Correction and of the State Prison, for his previous depredations

☞ A hog was recently slaughtered at Chilmark when it was found that those parts which generally consist of fat meat were nothing but a hard, gristly substance, containing no fat whatever The operation of cooking made it similar to leather The lean meat appeared as usual

☞ The teachers of the Hammond Street Sabbath School have made a present to Charles Godfrey, Esq who has for several years Superintended that school, of an elegant Bible, costing about forty dollars It is a precious token of regard for long, patient and efficient service.

The French Sonoran Expedition.

News has been received via Mexico, of the overthrow of the French expedition under Count Bourbon, in Sonora, and the capitulation of his followers, who agree, for the sum of $21,000, to embark for California and Mazatlan — This information is substantiated by advices from Acapulco, contained in a letter to the N. Y. Times:

— A battle took place the first part of November at Hermosillo, between 214 French on one side, and 700 regular Mexican soldiers on the other, the French burying, after the fight 83, Mexicans having lost at the first fire of the latter, 21 men The French at the time were marching towards Guaymas when, as they reached Hermosillo the Mexicans suddenly fired upon them from a large walled square, killing every one of their officers, which staggered them for an instant, but they rallied, mounted the walls, and fired down into the yard upon them as they would have done upon a flock of turkeys. The fight was afterwards continued for a short time in the streets, with a supposed loss of about 75 men to the Mexicans, and none to the Counts party The French then continued their way to Guaymas, but were met by a messenger from the city, who represented that the town was destitute of food, and scarce, and that they would inevitably starve unless they gave up the war Count De Raousset at that time was being carried forward on a litter nearly dead of the dysentery All of his officers having been killed at Hermosillo, the men agreed to lay down their arms, on condition that Blanco should pay them $11,000 with which to embark for California and Mazatlan, which he did. Raousset was taken on board for Mazatlan in almost a dying state"

The origin of the difficulty, between the Count and the authorities is given in a recent Mexican paper, as follows.

"The latest news from Sonora speaks of a serious misunderstanding between Gen Blanco and the Count de Raousset, chief of the last French expedition The following are the reasons given While a mixed company of French Spanish and Mexican houses in the City of Mexico, headed by Messrs Jerker, Torro & Co received from the Mexican government a grant of the rich Arizona silver mine in the Apache territory of Sonora, and despatched M Raousset with funds and men to occupy the same, the Commander-General, Blanco had formed another company of Sonorians for the same purpose, and announced the said fact *before* the local authorities, according to the Mexican mining laws Blanco, seeing that a conflict would be unavoidable, first tried to refuse admittance to Raousset and his followers, but finally finding that his credentials were entirely in order, and that he could not be frustrated with, Blanco granted the necessary permission, raising at the same time a number of men, with the intention of reaching the mines before him. But M. de Raousset got the league of him. A great number of Sonorians, formerly of their former employment, suspected the motive of this well disciplined body of men, marching straight to the point, expelled the resident Indians from their strongholds, and took possession of the mines Here the matter stands, and it is believed that the right of ownership between the two contending parties will be decided by arms."

With the defeat of the Count, and the dispersion of his followers, is exploded, of course, the idea of the annexation of Sonora to France —an idea which was probably never entertained by the French Government

BANGOR Jan 1st, 1853,

To the Editor of the Whig and Courier

I must ask the indulgence of your readers, while I make a few additional statements in regard to the Indian, Cawshawgence

These statements are made as soon as possible after receiving letters to confirm them —I regret that this course pursued by a journal, which *should* be a guardian of the public good, renders the publication of these facts necessary But its dogged persistence in upholding a *villainous hypocrite* and insinuatingly endeavoring to make people believe that he is a person worthy to appear as a public lecturer, together with the Indian's brazen faced falsehoods, compel me to publish facts which, otherwise I would gladly have let rest in the oblivion of the past I am also led to do this as due not only to the people of *this* city who would discountenance an imposter, but also as necessary for the protection of hundreds of communities throughout the country, which are liable to be imposed on

The following statements just received from one of New England's most distinguished men, I am permitted to publish

Dec 29th, 1852

DEAR SIR —On my return home this morning I found your letter asking information respecting the Indian impostor, Cawshawgence, He came to my house three years ago last summer I think, bringing with him a woman, whom he called his wife, and a letter of introduction from a clergyman in Franklin County, where he had been successfully lecturing on temperance He represented himself as an Ojibwa chief, and as such, I introduced him to the people of the village, to whom he lectured, and from whom a contribution was obtained

I knew nothing of his real character till some time afterward, when a warrant was issued against him for adultery Mr Frink, the Sheriff, (with whom I have just conversed) found him in Norwich Ct., and by a ruse, having got him into Massachusetts arrested him He was tried at Greenfield in Franklin County, and sentenced, I think to one year's imprisonment in the State prison at Charlestown

It appeared that he belonged to the Mohegan tribe, at Norwich, where he had a wife, a mother, and a brother who so far as I know now be still living He had been committed to the House of Correction *more* than *once* in Norwich, for drunkenness, stealing, &c, as the jail records there will show. His name at Norwich was *Simons* I think *Daniel*, though not confident what was his first name

If these statements are doubted, they can easily be proved, true or false, by an appeal to the records of the courts in Greenfield and Norwich and the jail catalogues in those places and in Charlestown Rev William Tyler, of Pawtucket, Mass with whom this fellow lived when a boy and whose confidence was grossly abused by him could also give an account of his early life, as could any respectable citizen of Norwich or along Connecticut river It is probable, however, that such kind of recommendations as would be got from these sources, would not be very acceptable to the feathered *chief* or *his defenders*

You are at liberty to make any use of this letter you may find desirable to undeceive the people of Bangor, respecting this man In all my life I was never so imposed upon or insulted, as by him, and I desire to do all I can to save others from the mortification which I experienced,

Most truly and sincerely yours

The following letter is from a Lawyer of Greenfield —

GREENFIELD Dec 28th

SIR —In compliance with your request I have examined the Docket of the Court of Common Pleas, August term 1849, and I find that a man by the name of "Daniel Simons," (who passed while here as an Indian) was indicted for the crime of adultery with one Mary M Story The indictment charges the commission of the crime in Greenfield on the 22d of June or thereabouts—alleging him to be a married man having a wife alive and Mary M Storey, to be a single woman Simons, was a temperance lecturer about here He was found guilty by the jury and sentenced to the State's prison one year As to the place of his birth I am not informed.

Truly yours,
DAVID AIKEN

One thing is certain, that the Indian who lectured at the City Hall, one week ago, is by his own confession the same one mentioned in the above letters, and however much I regret seeing such a man come before an audience in this city yet his second appearance here has not only furnished the occasion for a confirmation of my former statements, but also with positive proof of his present character It will be remembered, by those who heard him on the evening of the 25th that he denied having intentionally violated the laws, and said that he entered the walls of Charlestown Prison a Christian man I would he were "not only *then* but *now* a Christian! man" but his own acts and words shall testify whether he is the honest man he pretends to be and whether he is worthy of the countenance or support of any man regarding decency or morality Cawshawgance *now* professes to belong to the Cayuses, one of the above letters shows that he formerly represented himself as an Ojibwa—but according to the latter, he belongs to neither of these tribes, but is in fact a Mohegan —Three and a half years ago he said he was studying in Philadelphia; *now* he says he was studying in Connecticut at that same time He *then* told an affecting story of his father's death from the effects of strong drink and cold, on his lecture the other evening, he mentioned that his father is *now* eighty seven years of age, of course then, he is *now* alive, if he now tells the truth He here stated that he was arrested in Greenfield, "just as he was stepping into his carriage," when in fact he was arrested nearly fifty miles south of that place

But it is useless to multiply contradictions, as these are amply sufficient to show both his past and present character. *Such* is the man, who a week since, appeared before an audience at the City Hall,—*such* the man who came before that audience with the solemn form of prayer on his lips. I *would* that the *prayer* he offered had been *sincere*, but the *falsehoods* uttered almost in the next breath, prove that it was only an artifice of a hypocritical imposter, to gain the confidence of a christian community —The pe-

An Incident of the American Revolution.

Sometime since an old gentleman, Captain Eleazer Bennett, died in Durham, N H, aged one hundred and one years and a half For several years before he death, it has been common for people to visit him for the purpose of conversing with him about old times The following narrative has been derived from his statements respecting one of the earliest, if not the first action of Americans against British soldiers preparatory to the war of the revolution, as communicated by a clergyman of Durham

"On the 16th of December 1774 he was in the employ of General Sullivan in his mill at Packer's Falls, when Michael Davis came up from Durham Falls and told him that Sullivan wished him to come down and go to Portsmouth and to get anybody he could to come with him He could not get others to go but went himself The party consisted of about a dozen men —Their names were so far as he could remember Major John Sullivan (afterwards General Sullivan, distinguished in the war) Capt. Wimborn Adams, (afterwards Col Adams killed in the war,) Eben Thompson, (afterwards Judge Thompson) John Dement, of Madbury, Alpheus Chesley, Jonathan Chesley Peter French (a student at law in Sullivan's office,) Eleazer Bennett, (the narrator) John Spencer, Micah Davis, Edward Sullivan Isaac Small and Benjamin Small

They took a gondola belonging to Benjamin Mathes, who was too old to go company them, and went down the river from Durham to Portsmouth It was a cold clear, moonlit night Stopping a short time at Portsmouth they were joined by John Langdon with another party Then they proceeded to the Fort in possession of the British at the mouth of the Piscataqua Harbor The water was so shallow that they could not bring their boat to within a rod of the shore They waded through the water in perfect silence inaunted the Fort, surprised the garrison took the Captain and bound him, and frightened away the soldiers They found in the Fort 100 casks of powder and 100 small arms which they brought down to their boat again wading through the water that froze on them, and made their way back to Durham

The arms were found to be defective and unfit for use A portion of the powder was taken by Major Demeritt to his house in Madbury but most of it was stored under the pulpit of the old Meeting House in Durham, on the site of the one which was taken down in 1848 The powder Capt Bennett understood, was afterwards carried to Charlestown Mass and used by the patriots in the battle of Bunker Hill

This statement has been repeated many times by Capt Bennett and there can be no reasonable doubt as to the material facts In one instance he mentioned November as the month instead of December At this time he said also that Capt Adams took the command of the party

This expedition of Americans against British soldiers though attended with no bloodshed was a very bold and daring affair If the war had not followed, it must have doomed all who took part in it to the fate of rebels It occurred six months before the battle of Bunker Hill, and four months before the battle of Lexington

Capt Bennett was afterwards a soldier in the army of the Revolution, and for many years before his death received a pension for his services

Correspondence.

To the Editor of the Whig and Courier

The readers of your paper, who are accustomed to take particular notice of Christmas Day must have been highly gratified to find that you devoted so large a portion of your paper on Saturday last in commemoration of this joyful Anniversary They should not forget your claims in this respect The *selected* matter which you published on this occasion, was very excellent and appropriate

On Christmas Eve a Donation Visit was paid to a Pastor of one of our Churches and his wife when the following verses hastily prepared for the occasion, were sung to the tune of *Auld Lang Syne!* As the subject is not so common as many others which are noticed in verse you may if you please, publish them in your paper

We come to night with hearts sincere
To bless, and to be blessed,
And may we have a pleasure here
As we have one possessed

Chorus —Not only on this hallowed Eve
But *always* may we know,
It is less blessed to receive,
Than favor to bestow

We come the *Gospel's* claims to meet,
As well as cheer our friends—
Our love to *each* will be most sweet,
While thus with *both* it blends

Then let us pledge, before we part
We will to both be true,
And that to each we will impart
The aid so justly due,

'Tis sweet in social scenes to join,
Where love and virtue reign—
The thoughts, they waken are divine,
Their pleasures banish pain

Like bread upon the waters cast!
The gifts, we now bestow,
Will come again, when years are past,
And make our blessings flow

May peace reside within the breasts,
Which we would happy make,
And may they never meet with guests,
Who will their wants forsake

As in this house we meet to night,
To share the pleasures given,
So may we meet in Mansions bright,
To share the bliss of Heaven

Chorus—Not only on this hallowed Eve
But *always* may we know,
It is less blessed to receive,
Than favors to bestow

91 DIGEST" Such is the true meaning of the word "PEPSIN," of of the two Greek words from which it is derived. This is the significant and appropriate title of the 2 RUE DIGESTIVE FLUID, or GASTRIC JUICE prepared by Dr J S HOUGHTON, of Philadelphia from the fourth Stomach of the Ox for the cure of Indigestion and Dyspepsia. It is Nature's own remedy for an unhealthy Stomach. No art of man can equal its curative powers. It renders GOOD EATING perfectly consistent with HEALTH. See the figure of the Ox, in another part of this paper.

LOVET'S WARPENE

Will, without doubt, change Hair or Whiskers to its original color; cure Baldness, remove all Scurf and Dandruff, and other diseases of the Hair and Scalp.

CAUTION!

I caution the public against buying an article called "Improved Warpene," for Lovet's. The said article has been got up, and the name "pirated", to deceive the public and injure the Proprietor of the true "Warpene", thinking to put off his spurious article under the wide spread reputa tion of Lovet's. —GEO. W. EMERSON, Druggist, No. 4 Publick Block, is my only authorized agent in Bangor, at whom the genuine Warpene may be obtained. All others are base and my prices, H. T. LOVETT, N. Y., Proprietor.

A CARD.

MRS WINSLOW TO THE LADIES.

Mrs Winslow an old and experienced nurse and Female Physician would call the attention of the Ladies to her Soothing Syrup for Children teething. It will immediately relieve them from pain allay all spasmodic action soften the gums, reduce inflammation and is sure to regulate the Bowels. Depend upon it Mothers it will give rest to yourselves and relief and health to your children.

Price 25 cents per bottle

We have sold very large quantities of Mrs. Winslow's Soothing Syrup during the past six years, and it is and the best year We believe it the best medicine in the world for Children teething or for the cure of Dysentery and Diarrhœa in Children whether other it arises from teething or any other cause. It gives universal satisfaction—never heard a complaint from any one using it—never sold a medicine so universally successful in relieving pain and affording cures—rel of in ABSOLUTELY nine.

Thousands have been cured, why may not you by the

Cramp and Pain Killer.

The world is astonished at the wonderful cures performed by the CRAMP AND PAIN KILLER prepared by CURTIS & PERKINS Its equal has never been known for removing pain in all cases for the cure of spinal complaints, cramp in the limbs and stomach the greatest in all its forms in fact in the whole catalogue of diseases more truly and justly entitled to the best recommendation in the world Evidence of the most wonderful cures ever performed by any medicine are on record in the hands of Agents—you may be *positively sure* of *relief* by its use.

N B Be sure and call for CURTIS & PERKINS Cramp and Pain Killer All others bearing this name are base imitations and will deceive and *injure the patient*.

Price 12½, 25 37½ cts per bottle, according to size Sold by Agents in nearly every town in the State

April 22 1852. 3tawd&wly

IT IS AN ERRONEOUS IDEA that disease cannot be cured except by taking large quantities of medicines into the stomach to a great many cases of which much injury is done although *in such cases no point be actually saved*. The use of the stomach by continued use of nauseating medicines frequently becomes so much disordered that it *does not finally to see him by himself*—the result of which is dyspepsia nervousness chronic alternate diarrhœa and costiveness flatulence, nightmare etc. etc. Would it not, therefore, be very desirable to possess a remedy which being applied externally will effect this above results to be effected at once and thus carry off through this medium the deleterious principle which is the real cause of the disease Suffering thousands will admit that this would not only be the most pleasant, but by far the safest means to effect the desired end. The almost superhuman cures performed by the Arabian physicians in the days of old were mainly effected by this course of treatment and the ingredients with which DR. FARRELL'S CELEBRATED ARABIAN LINIMENT is compounded are extracted from plants peculiar to Arabia Either (or Liniment (which is by the best of testimony to be had of your respectable druggists or dealers in every town in the United States) is daily effecting cures which seem like the power of magic—it is sent to come!—consumption chronic diarrhœa and liver complaints in their first stages nervous affections indigestion, a derangement of the urinary organs etc etc are frequently cured and always relieved by its use. It is recommended as an alterative relieving severe pain in a few minutes after it is applied, and in the most severe and obstinate cases that defy all other remedies it is grateful to the nervous system. Sprains bruises wounds burns, sore throat chronic rheumatism gout &c etc are speedily cured by it and difficult scarcely all diseases in which a liniment or cathartic is required, are exceedingly benefited by its use. It is an effectual remedy

LOOK OUT FOR COUNTERFEITS

The public are cautioned against all counterfeits which have lately made their appearance called W. B. Farrell's Arabian Liniment the first two words of the counterfeit having the name of Farrell misspelled, it is good for nothing unless the knowledge that a counterfeit exists and they will perhaps only discover the error when the spurious mixture has wrought its evil effects

The genuine article is manufactured only by H G Farrell & Co and prepared and put up in square bottles No 17 Main Street Peoria Illinois to whom all applications for Agencies must be addressed. Those only dealing with the letters H G before Farrell's name—H G FARRELL'S—and his signature on the wrappers all others are counterfeits.

Sold by INGRAHAM & FULLER wholesale and retail Bangor Also by R F K ell Oldtown French & Hamilton Dexter Geo Parcher Ellsworth H O Kinney Hallon And by regularly authorized agents throughout the United States

In this city Jan 1st Ellen only daughter of Jeremiah and Ellenor Kellen aged 3 years and about 10 months

Little Ellen arose bright in the morning with rosy cheeks sparkling eyes, and with a cheerful heart she greeted her father and mother as did hundreds of little children in the city with I wish you a happy new year —She spent the day with the house but complained of a slight pain in her head a few minutes before 9 o'clock in the evening she was taken with a severe fit, and in a few short hours the happy spirit was free from the tenement of clay

The Celebrated Indian Doctor,
JOS. SAUKABASIN,
HAVING availed himself of the medical knowledge of the tribes who compose the original inhabitants of this country, and having by upwards of twenty years experience gained a knowledge of the most perfect combination of the vegetable substances whereby the greatest and most natural remedy for the diseases of the human species is procured, offers his services to the afflicted in all orders. He has in his possession a great number of certificates testifying to the powerfully beneficial and often sudden effects, of his medicines From a very large number of certificates he selects the following

Bucksport, July 8, 1848.
To whom it may concern —This will certify that I had a very severe attack of the Rheumatism in my hip. I tried various means to cure it but it grew worse and worse for about three months, when I applied to Dr JOSEPH SAUKABASIN, one of the Penobscot tribe of Indians, who cured me entirely and in a very short time and I have never been troubled with it since. And feel it due to him and to the community to recommend him as a safe and skilful physician BENJAMIN SNOW

This will certify that I was afflicted for over thirty years with a Scrofulous humor in my leg and it applied to four or five physicians and got no relief until I fell in with JOSEPH SAKABASIN and he gave me one bottle of medicine, and cured me so it has its value me none since, and is healed perfectly sound My daughter Hannah was afflicted with a Cough and Spitting Blood, and by taking his medicine was cured SYLVANUS COOMBS.
Camden, August 15 1848.

Houlton, Dec. 3, 1852.
Dr Jos Saukabasin —Dear Sir I feel it a duty to give you my best thanks for curing my wife of a lingering standing—a dropsical complaint—and I believe if it had not been for your medicine she now would have been in her grave ANDREW J. PINKHAM.

December 7th, 1852.—I feel perfectly satisfied that Dr Joseph Saucabasin has cured my boy [illegible] fever sore when all other doctors gave him up. NATHAN DYER.

He has located himself in Brewer above the Toll Bridge where he may be consulted by mail or otherwise and will be frequently in Bangor

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine, notwithstanding it has ever had the advantage of no puffery publicity, has yet acquired a higher and more extended popularity than any other similar compound in the world. It is extracts of vegetable extract, perfectly safe to be administered even to the most delicate child and alike astonishing and satisfactory in its effects upon man or beast. To those unacquainted with this invaluable medicine we say, give it a fair trial, and we promise you a speedy cure of coughs, Colds, Asthma, Bronchitis, Whooping Cough, Influenza, Spitting of Blood, and all lung Complaints, Chronic, Diarrhœa, and Dysentery, in all of which cases it should be used internally. The effects of its external application in cases of Rheumatism, Spinal Diseases, Strains, Bruises, Burns, and all descriptions of wounds, are magical. Persons troubled with Cramp in the Stomach, Side or Bowels, Sore Throat, Piles, &c., by a continued internal and external application of this Liniment cannot fail of a perfect cure. The proprietor can produce volumes of testimonials in its favor, but prefers to let it mainly on its recommendations, well based as for forty years past. We ask no man to use it after an unsatisfactory trial. To the unfortunate it is unnecessary to read to the most perswading and pleading specific known to the materia medica. The inventor of this article was the first and most successful teacher of medicine for more than twenty years.

This is to certify that having been troubled for a number of years with Chronic Cough and bleeding of the lungs, a disease which generally proves fatal, and was told by my physicians that I was in the last stage of consumption. My legs swelled so that I was unable to stand. I despaired of myself. At this time my friends procured a bottle of Johnson's Anodyne Liniment, which I took in connection with the Liniment, and by using it according to directions, was entirely cured and have since been able to labor every day. I am now 57 years old, and subject to severe attacks of the asthma, and never found any permanent relief until I found this medicine which I have taken at different times up until recently, and I think it an invaluable medicine, and can say that it saved my life.

JOHN FARRINGTON.

Brewer Sept 20 1852.

Dr. Johnson—Dear Sir—In compliance of having cured me of my bad cough by the use of your Anodyne Liniment, I do not feel willing to let the case remain in doubt, but must be instrumental in letting the afflicted know of its virtues. I was troubled with a severe cough for about two years, and was under the care of two physicians, but received no benefit from them. I was induced to try your Liniment, and by using it according to directions, was entirely cured, and have since enjoyed good health. I would recommend it to all afflicted with coughs, colds, or lung complaints, as I believe it will cure them.

PATENTS.

American and Foreign Office

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON

No 22 State Street, Boston.

IN 1840 the subscriber was appointed by the Commissioner of Patents Agent of the U S Patent Office, in accordance with the 10th Sec of Act of '37.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office (where *by a Patent may be procured about six weeks earlier*) he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office inventors may save the time and expense of a journey to Washington, and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions and consulting in respect to them *matters in general of an unusual importance in order to obtain correct specific claims and claims.*

The experience of *sixteen years' practice*, an extensive collection of rare works, decisions, & c on mechanical subjects, the Patent Laws, and patents of different countries, collected at the expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford inventors desirous of obtaining Patents assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Pat. R. H. EDDY, Esq. did business at the Patent Office as Solicitor for Inventors. There were few if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of getting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE, Late Commissioner of Patents.

ZINC AND Fire Proof Paints,

Warranted, Pure.

THE New Jersey Zinc Company furnish their Zinc Paints at the following prices:

No 1 Pure grinding in oil, 9 cents per lb

No 2 White " " 8 " lb

No 3 White " " 7 " lb

Dry White Zinc 6 cents per lb

Brown and Black ground in oil 5½ cents per lb

Their *WHITE ZINC PAINT* (of weight covers, according to surface, from 40 to 100) 50 per cent more surface than any other pure. It stands the weather equally well, and is a decided improvement for all outside work, and for inside work where a handsome finish is required. It will not turn black from the action of sulphuretted hydrogen gas, as is the case with white lead, and is entirely free from the poisonous properties of that article. It is recommended by the Faculty as a valuable remedy for Diseases of the Throat and Lungs, and is now used in the Hospitals of Paris, and by the most eminent Physicians in this country.

The Zinc Paints are warranted to keep in any climate, and to retain their brilliancy for any length of time. They are unrivalled for fine work, and for outside work are cheaper than any other paint, as they require but one coat, while two coats of any other paint are necessary to produce the same effect. In fact, in all cases, the Zinc Paints are the cheapest, as they require less than half the quantity of oil necessary for any other paint, and will last from three to five times as long.

The Zinc Paints are offered to the public with the confidence that they will prove entirely satisfactory in every respect, and that they are the most valuable Paints ever offered for sale in this country.

The subscribers have been appointed sole Agents for the sale of these Paints in Bangor, and have on hand a large stock, which they will sell at the manufacturer's prices.

Pamphlets containing the analysis of Prof. Silliman, Jr., Prof. Chilton, Dr. Torrey, Dr. Draper, and many other eminent chemists, together with reports of the Faculty of the Medical Department of the University of the City of New York, and of the Philadelphia College of Pharmacy, and other valuable information relative to the Zinc Paints, may be had on application.

The Zinc Paints are for sale by the subscribers, and by most of the principal dealers in paints throughout the country.

ANOTHER SCIENTIFIC WONDER!

GREAT CURE FOR

DYSPEPSIA!

DR J. S. HOUGHTON'S

PURE

DIGESTIVE FLUID,

OR

GASTRIC FLUID.

Prepared from RENNET (the fluid found in the STOMACH OF THE CALF) after the manner of the digestive process in the Human Stomach, by J. S. HOUGHTON, M. D. Philadelphia.

DIGESTION is the assimilating power which converts FOOD into NUTRIMENT, and PEPSIN is the only Substance in the world that will perform the first process of Digestion out of the body. It is the Solvent of the Gastric Juice—the Juice of the Fourth Stomach of the Calf—the Digestive Principle of the Gastric Juice—the Active Principle of the Fluid Preserving and Digesting Powers of the Stomach and Intestines. Taken in connection with food it digests it in the Stomach and Intestines, precisely as the Gastric Juice does when in perfect health.

This NATURAL SOLVENT may be taken by the most delicate Invalid, or Infant, with perfect safety, as it contains no Alcohol, Mineral Acid, or Drugs of any kind. It is the only Substance known to Chemists that will Digest Raw Meat, Eggs, Milk, Bread, &c., out of the Stomach.
